

Scooch®

WINGBACK®

Universal Phone Grip, Kickstand, & Mount with Custom Backer Card

TTA030P

Morph virtually any phone case into a multi-function branding powerhouse with the Scooch Wingback. This four-in-one accessory turns the simplest phone case into a phone stand, a secure grip, a vent mount, and it makes the case magnetic mount ready. A less bulky solution in comparison, this slim phone case accessory lays flat until snapped in to use while the brand logo is displayed in full-color.
